The following Navajo County Zoning Ordinance Articles have been provided for your information.

Article 28, Section 2802, Item 3 – Use Permits

The Board of Adjustments may grant use permits as permitted by the regulations applicable to the zoning district in which the property is located. No use permit shall be granted unless the board finds that the use and the manner of conducting it (including any associated buildings or structures) will be consistent with the intent and purposes of the Zoning Ordinance and will not be detrimental to persons residing or working in the vicinity, to adjacent property or the neighborhood in general, or to the public welfare. In granting a use permit, appropriate conditions to preserve the intent and purposes of the Zoning Ordinance may be prescribed (including, without limitation, the acquisition of right-of-way for street widening purposes in accordance with the recommendations of the Public Works Department if it appears that the use would increase traffic congestion). Unless otherwise stated on the permit, a use permit shall be permanent and shall run with the land.
